

The Mystical Perspective of Earth and Cosmic Consciousness

- *Walking the Sacred By-Paths* -

Saturday, June 24, 5 pm – Sunday, July 2, 2017, Noon

“The Christian of the future will be a mystic or will not exist at all.” Karl Rahner

This **8 day retreat** stresses the interrelatedness of the spiritual journey and the evolutionary story and seamlessly explores the foundational topics of ecology, mysticism, and cosmology. It will appeal to those who are awakening to the Universe Story and eco-spirituality and are looking for the next step to integrate their understanding with a unitive spirituality that brings hope and meaning to all of life. A former participant stated, "Once more, I awaken to the Sacred in the Universe Story and am transformed. This transformation continues evolving. I experience the mystical radiating in ALL-that-is, a manifestation of the Divine."

Days consist of:

- Group meditation and Four Directions body prayer
- Daily teachings on a particular theme, including *Sacredness of Creation, Paradigm Shifts, Awakening Consciousness, Centration, Cataclysm, Transmutation/Transformation, and Radiance*
- Reflective exercises to personalize and integrate daily themes
- Rituals, sharing, ample time for reflection
